

## TALX Provides Scalable, Complete Paperless Pay for Businesses of All Sizes

*-Partnership with TFG Card Solutions Expands TALX Automated Payroll Offering-*

**ST. LOUIS (May 26, 2011)** – [TALX](#), provider of Equifax Workforce Solutions and a leader in human resource, payroll and tax-related services, today announced that it has partnered with [TFG Card Solutions](#) to provide a broader range of TALX clients with integrated paycard solutions. Selected for their outstanding commitment to customer service and solution scalability, TFG Card Solutions helps businesses streamline payroll by encouraging direct deposit participation, and their services are now available directly through the TALX Paperless Pay solution.

Since 2004, TFG has helped over 1,000 employers increase direct deposit by providing customizable options, and a true value paycard alternative to the costly paper check. TFG's solutions help businesses across all industries cut costs associated with paper payroll processes, and provide their employees with a more efficient, real-time payday. Together with TFG, TALX will offer an integrated paycard solution that complements automated payroll for a truly paperless end-to-end solution.

"TFG's reputation for delivering superior customer service and true value prepaid services is unmatched. TALX is pleased to be working with TFG, and to help our clients remove the paper from their processes across the board," commented Dann Adams, President of TALX. "With this strategic partnership, TALX continues to bring innovation and efficiency to companies, and to help employees gain universal access to their pay and payroll data."

Helping organizations cut costs and streamline operations, TALX is a leader in [Paperless Pay and Compliance](#). TALX automated payroll focuses on replacing slow, paper-based, manual processes with automated self-service options, so that clients can deliver more efficient services to their employees. With TALX Paperless Pay, employees can review and update their payroll information – including paystubs, state and federal W-4s and direct deposit options – from the web or phone. With the inclusion of prepaid services, companies can offer their employees the flexibility of a direct deposit paycard and completely remove paper and its related administrative and distribution costs from the process.

"We are proud to act as a TALX partner and look forward to enhancing our mutual client relationships by continuing to provide organizations of all sizes with

the outstanding level of service upon which both of our organizations have been built," said Burke A. Rice, Executive Vice President of TFG Card Solutions. "As a company that is singularly focused on the payroll card industry, we remain focused on our core principles of helping employer clients realize cost savings by providing their unbanked employees with a tremendous benefit supported by exceptional service."

Those currently attending the [American Payroll Association \(APA\) 29<sup>th</sup> Annual Congress](#) – which continues through Friday, May 27, 2011 – can learn more about this partnership and Paperless Pay by visiting booth No. 1111 during open exhibit hours. Subject matter experts will also be available to lend deeper insight during any of three educational workshops hosted by TALX.

### **About TFG Card Solutions**

TFG Card Solutions is the value leader in the payroll debit card market, providing the TFG Visa® payroll debit card to unbanked workers in the United States through a direct relationship with their employers. TFG helps employers expand direct deposit participation to every U.S. employee. They were founded in 2004 by an experienced leadership team with a breadth and depth of expertise in human resources and financial services, as well as business-to-business relationship and consumer solutions management. Based in Portland, Oregon, TFG offers its payroll debit card program to employers looking to reduce their carbon footprint, cut costs, and streamline payroll operations.
